IHI Transport Machinery Co., Ltd.

Extension of our measures for preventing the spread of COVID-19 infections

In light of the prevalence of pandemic COVID-19 infections and the policies and requirement of Japanese Government, each local government, we, IHI Transport Machinery Co., Ltd., some of our employees have worked from their home since Monday, March 30.

In consideration of current situation (including the State of Emergency from Japanese Government), we decide to extend the period of home teleworking until “the timing we will announce later”.

[Subject]

Our employees working at offices located in the area subjected to the State of Emergency, directions and requirements from authorities, and these neighboring cities will work from their home remotely in principle.

Employees who need to work at office are required to come to work after thoroughly implementing preventive measures against infectious diseases.

During this teleworking period, if you have any inquiry for our business, please kindly send us email from “Contact Us” form in our website

(https://contact.ihico.jp/index.php/iuk_eng/IUK/form_20001).

We would like to ask our customers and other stakeholders for understanding of these measures.
